

Kelly Canyon Half Marathon Course Map

The start is at the Kelly Canyon Ski resort at 5600 ft elevation, and the course drops steeply (approx 600 ft) in the first 3 miles through shady and scenic Kelly Canyon. The course then levels out for the next winding 2 miles with a few rolling hills, but mostly gradual downhill past the Heise golf course and hot springs and over the South fork of the Snake river at the Mountain River Ranch for approximately 1 mile across a couple of canal dams and headgates then back onto a paved county road (5100 E) and turns right (west) onto the old Ririe Highway. The course heads due west on flat roads with generally a nice tailwind for the next 2.6 miles and then turns right (north) on 4950 E for approximately 3/4 mile then turns left (west) onto 75 N and follows this road west until the junction of the Archer Highway (4700 E) at approximately the 12 mile mark where the course turns left (south) and head into the City of Ririe to the finish at the city park. The course is very scenic with great views of the Kelly Mountains and the Snake River Canyon and the beautiful farmland of the valley.
